

USARC Distinctive Unit Insignia

Approved 7 march 1991

Symbolism:

Blue, Scarlet, with **Silver** (white), represent the United States. **Red** also stands for courage and sacrifice.

The **Two Sabres** denote the dual responsibilities of citizenship and military service

The **Tree** represents the pursuit and preservation of peace through strength, endurance, and growth.

The **Tree on the Shield** represent the integration of peaceful with soldierly vocations.

The nature of these two-fold duties is further symbolized by the division and counterchange of the shield, which also recalls the motto of the Command.
